海宁皮影戏图册的面世，无疑是当前非物质文化遗产保护工程中的一件大事。海宁市从事非物质文化遗产保护的同仁们，在当地文化部门的领导下，能够花大力气，把这样一大批濒临失传而又弥足珍贵的稀世珍宝抢救出来，经过精心编排，汇印成册，公布于世，实在是做了一件功德无量的大好事。能够为这样一本书作序，也是我的荣幸。

我们知道，皮影戏是我国古代劳动人民的伟大创造，作为一种道具戏，它是民间工艺美术与戏曲表演艺术的巧妙结合，长期以来成为中华民族艺术殿堂里不可或缺的一颗璀璨明珠，曾经还传播到世界上的许多国家，为人类文明做出了巨大贡献。根据史料和近代民间皮影艺术流播情形推断，大多数学者都认为它至迟起源于2000年前的西汉。早期的皮影戏，主要活跃在陕西、山西、河南、河北一带。大概在宋室南迁时，皮影戏传入浙江。宋代钱塘人吴自牧《梦粱录》，记南宋都城临安，也就是今天杭州的民俗风情颇详，其中就提到了当时有“弄影戏者”，说在汴京时还是用素纸雕簇的，后来改为用羊皮雕形，彩色妆饰，可见杭州的皮影是在开封皮影的基础上发展起来而又有所创新的。那里还提到了“杭城有贾四郎、王升、王闰卿等，熟于摆布，立讲无差”，看来那就是当年在杭州城里十分叫座的“名角”。明代有一首《看灯词》，说的是那时候在杭城南瓦看皮影的情景，诗云：“南瓦新开影戏场，堂明灯烛照兴亡。看看弄到乌江渡，犹把英雄说霸王。”当年风光，可见一斑。在西方的电影艺术尚未出世的年代里，中国土生土长的“影戏”实在也是出过不少风头的。与人戏相比，皮影戏属于戏曲中的“轻骑兵”，一个班子只需几个人，挑一副担子就把戏班的家当全都带上，尤其适宜于下乡。

一般认为，清末民初是我国皮影戏艺术的鼎盛时期，浙江也不例外。值得注意的是，原先在杭州城区一带十分活跃的皮影戏，后来却渐渐向周边的乡村移动。由于种种原

因，大约在上个世纪五十年代，一些优秀的皮影戏艺人基本上集中在了海宁一带。1956年，浙江省文化局成立浙江省木偶皮影艺术剧团皮影队，后改名为浙江省皮影剧团。这个曾经招待过许多外国元首的艺术团体就是以当时在海宁乡间演出的皮影戏艺人为骨干而组建起来的。文革期间，这个艺术团体被解散，艺人们又回到海宁乡间务农，皮影戏一度偃旗息鼓，悄无声响。改革开放以来，这里硕果仅存的一些皮影戏艺人再度焕发青春，重新组班演出，并且招收了一些年轻人，薪尽火传，又让人看到了希望。

不过，我们必须清醒地认识到，今天的社会环境毕竟已经不同于当年。皮影戏艺术和许多非物质文化遗产一样，它们产生并流播于传统社会，长期处于“草根”状态，自生自灭，尽管生命力很旺盛，却又经不起风雨飘零，在现代化进程的冲击下势必要出现危机。当下的文化生态环境对于像皮影戏这样的“草根”艺术并不十分有利，这是一个无法回避的事实。我和好几位年事已高的海宁皮影戏艺人有过几次深谈，他们所流露出来的担忧在我的心头留下了深刻的印象。怎样才能真正保护好这一份祖先留下的宝贵遗产，我们肩上的担子还很重。

现在，我们看到了这样一本图册，这是很值得欣慰的。可以说，这里每一张图片的背后都蕴藏着一段沉甸甸的历史，值得我们珍惜。不过，从另一方面说，我们对于海宁皮影戏的保护还远没有完成。毕竟图册是静态的，它只能代表海宁皮影戏的昨天，而我们更为关心的，则是海宁皮影戏的今天和明天，作为一种民族民间表演艺术，它的生命在于当下的演出，在于演员的艺术传统。所以，我们还有很多事情要去做。这本图册所保存的资料主要侧重在民间工艺美术和艺术文物范畴，而在表演艺术范畴里，皮影戏的剧本、曲调，乃至皮影戏相关的一系列民俗事象，我们也是需要加以认真搜集并妥为保存的。再进一步说，我们还需要为皮影戏艺人们创造一个良好的文化生态环境，为他们建立必要的传承机制。只有这样，海宁皮影戏才是活着的，才是世代相传的。这颗璀璨明珠才会永远是熠熠生辉的。

让我们大家一起来努力吧！

Preface

■ Gu Xijia

The publication of Haining Shadow Play Pictures is undoubtedly a great event for non-substance cultural heritage protection projects. It is so great and kind for colleagues involved in Haining non-substance cultural heritage protection, who are led by leaders in local Culture Department, to rescue valuable treasures from disappearing with their great effort and publish them in a picture mix for others to admire. I am so honorable to be asked for preparing a preface for such a book.

It is known to all that shadow play is the great creation of Chinese ancient laborers. As one of property play, it is an artful combination of folk technical art and art of drama and opera, which is a glamorous pearl on chinese folk arts after long-time development. Shadow play has been even played in many other countries, which contributed a lot to human civilization. According to record in historical literature and speculation on shadow play dissemination in modern times, most scholars believe that shadow play at leas began in Xihan Dynasty, which was 2000 tears ago. In the earlier stage of shadow play, it was mainly played in Shanxi Province, Henan Province, Shanxi Province and Hebei Province. It was brought to Zhejiang Province during the period when Emperor of Song Dynasty moved to southwards. In the book Meng Liang Lu (Record for Daydream), written by Wu Zimu, a Qiantang people in Song Dynasty, there is detailed description for folk custom in Lin'an (namely Hangzhou today), capital of South Song Dynasty. The book mentioned that there were people playing shadow drama. People changed paper properties, which were used in Bianjing at that time, to colorful properties made of sheepskin, which indicated that shadow play in Hangzhou was developed and innovated based on Kaifeng shadow play. The book also mentioned "Jia Silang, Wang Sheng, and Wang Runqing and so on in Hangzhou who performed shadow play well in downtown." I think they were famous performers at that time in Hangzhou City. There is a poem in Ming Dynasty called "Lantern-watching", which described the scene of watching shadow play in Nanwa Hangzhou. The poem goes like this: New shadow play platform built in Nanwa, where lit up by candles and where audience could know about prosperity of one dynasty. The story of shadow play was about Wujiangdu, where heroes became overlord. The poem reflects the splendid glamour of shadow play. Shadow play developed by Chinese themselves was shining and brilliant before western movie arts generated. Comparing to movies, the

properties requirement for shadow play is the simplest one in drama and opera arts, because it only requires few people and few properties that could be packaged in one basket. Moreover, shadow play is very suitable to perform in villages.

Generally speaking, the period between end of Qing Dynasty and beginning of Republic of China was the most prosperous period for Chinese shadow play art. It is notable to all that shadow play was performed in villages around Hangzhou downtown although shadow play was performed actively in the downtown at the very beginning. Due to various reasons, some excellent shadow play performers moved to Haining since 1950s. In 1956, Zhejiang Provincial Culture Bureau formed Zhejiang Provincial Puppet Shadow Play Performance Troupe Shadow Play Team. Later it renamed as Zhejiang Provincial Shadow Play Troupe. This team, which used to receive many sovereigns of foreign countries, was formed by shadow play performers who performed in Haining at that time. However, the team was dismissed during Chinese Cultural Revolution. Therefore, performers came back to Haining villages and shadow play disappeared once again. Since Chinese reform and opening up, the remaining shadow play performers became vigorous again and formed a new team to perform shadow play. The team recruited young performers to pass on the treasure to next generation. We see the hope again.

However, we should realize clearly that the social environment is different from that in the past. As same as many other non-substance cultural heritages, shadow play generated and disseminated in traditional society. They were developed in a lower class, which ran its course. It cannot be battered by the wind and the rain although it has vigorous vitality. Therefore, crisis appears under the impact of modernization process. It is not very

advantageous for lower class arts like shadow play in current cultural ecological environment. Unfortunately, this is an unavoidable fact. The in-depth interviews with several elder Haining shadow play performers, by which I understood their worries on future of shadow play, left me with deep impression. The responsibility for protecting valuable heritage left by our ancestors is really heavy.

Now, it is gratified for us to watch these pictures. I dare to say each picture in this book tells a great history, which is worth for our cherishing. However, I don't think we have done enough work to protect Haining shadow play, because the static pictures only represent the history of Haining shadow play. What we care more is Haining shadow play's future. As a folk art performance, its life lies in current performance and performers' art tradition. So, we need to do more for it. This book mainly focuses on folk technical art and art relics. Moreover, we need to collect and keep things used in art performance, such as script, melody and all folk stuffs related to shadow play. Furthermore, we shall create a good cultural ecological environment and necessary pass-on system for shadow play performers. Haining shadow play would exist in the world forever only if we have done what I mentioned before. Only in that case, this glamorous pearl would shine forever.

Let's contribute our effort together!

From Head to Foot

Characters are main properties for shadow play. Before Song Dynasty, people used paper to make characters, so they were called "paper head". Latter people used sheepskin to make properties, which were called "sheepskin play". The characters were called skin puppet or shadow puppet. Heads and bodies of characters in Haining shadow play could be separated and assembled different roles according to the plots. Those heads and bodies are featured with flexible and various purposes. The bodies are categorized by costumes, including costume for male role, python robe, short armor (uniforms for soldiers), armor and costumes for special styled characters. Costumes for male role include black costume and colorful costume, or include uniforms for soldiers, mandarin jacket, big armor, Little armor, female armor, python robe and dragon robe and so on.

The making of costume is similar to heads, which adopts flat painting and coloring on the reserved lines. Costume contains upper body, waist, lower body, upper arm and lower arm, which would be sewed together after painting to form a costume. The character only shows one face to audience, by which means character only has one arm. One could rarely see characters with two arms.

Heads and partials

Haining shadow play identifies different roles by heads, so there are detailed classifications for heads, such as heads identified by cap, face, beard, eye and nose, which are symbols for ages, characteristics, official ranks, social status, loyal or betrayed, kind or evil, rich or poor and so on. In hat category, there are hat, wind and helmet, while hat includes hat for young male roles, hat for literature role, wrapped scarf for emperors, hat for scholar (who won the first place in provincial imperial examinations), hat for tragic male role, hat for Yuanwai (an ancient official title under the monarchy), hat for play boy and so on. In terms of wind, there is square wind, round wind, pointed wind, carved wind, golden flower wind, hat for Taoism and so on. In terms of martial helmet, there is high-rise helmet, helmet for Erlang (a deity on chinese myth), king helmet, martial makeup and high-rise square hat.

2. 头像与人物局部

海宁皮影戏以头像特征区分各种人物角色，因而头像分类犹显得细致。具体有冠式、脸式、须式、眼式、鼻式五类，从中可区分年龄、性格、官阶、身份、忠奸、善恶、贫富等等形象特性。在冠式中，分饰巾、板翼、武盔等多种；在饰巾中，又分唐巾、文生巾、扎头唐巾、解元巾、苦生巾、员外巾、宕宕巾等；板翼中又分方翼、团翼、尖翼、相雕、金花板翼、九梁巾等；武盔中又分冲天盔、二郎盔、大王盔、扎巾、高方巾等等。
